On March 3, 2001 the 203rd **RED HORSE** FLIGHT (RHF) and the entire National Guard community suffered a great loss with the tragic plane crash that claimed the lives of 21 citizen soldiers   18 from the 203rd RHF Virginia Air National Guard and three from the Florida Army National Guard. Members of the 203rd RHF along with other Guard, Reserve and Active duty personnel have joined together to construct a memorial that will bring honor to our fallen comrades.

The memorial will include a path wandering thru 21 trees, one for each of the men that perished in the crash. Inside this path will be a water fall/pond with a bronze Minuteman statue, a fiberglass statue of a horse kneeling in front of a granite monument bearing all 21 names, and also a number of other bronze plaques honoring the men who proudly served this great country and made the ultimate sacrifice.

The United States Air Force has provided the majority of the required funding, but we still need to collect approximately $50,000 to purchase the above mentioned items. We are trying to accomplish this through tax deductible contributions from individuals and businesses and by holding a memorial golf tournament at Aeropines Golf Club, Oceana Naval Air Station on Thursday, October 18, 2001. We sincerely appreciate your support in honoring these outstanding citizen soldiers.
